

# SAI VAISHNAVI ALLADA

 alladasalvaishnavi@gmail.com

 8328013714

 Visakhapatnam, AP 531021

## PROFESSIONAL SUMMARY

Adaptable professional with background in developing and maintaining data systems within collaborative environment, seeking to transition into new field. Developed skills include data analysis and process optimization . Proven ability to drive impactful changes through data-driven insights.

## EDUCATION

**Nadimpalli Satyanarayana Raju Institute of Technology**  
Sontyam • 03/2026

**Bachelor of Science:** Computer Science  
GPA: Studying

**Sri Chaitanya Junior College**  
Kurmannapalem • 04/2023

**Intermediate:** MPC  
GPA: 95

**Zphs-Zilla Parishad Girls High School**  
Paravada • 03/2021

**Ssc:** SSC  
GPA: 10

## CERTIFICATIONS

- Certified DevOps Engineer, APUSDC, 2 months
- Certified AWS Cloud Computing, APSSOC, 2 months
- Certified Prompt Engineer, Google, 8 hours
- Certified AI Developer, Future Skills Prime, 13 hours
- Google Cloud Associate Cloud Engineer
- Google Cloud Digital Leader
- SQL Certification

## SKILLS

- C programming
- Java
- Cloud
- SQL
- CI/CD
- Git & GitHub
- Python
- Problem-Solving Skills
- Communication Skills
- ETL development
- Data pipeline design
- Data warehousing

## EXPERIENCE

### Edu Skills - AI Intern

Remote • 10/2025 - 12/2025

- Assisted in developing 3+ AI-based learning modules, improving student engagement by 25-35%
- Conducted research on 5+ emerging AI technologies, contributing to the adoption of innovative solutions in educational applications
- Collaborated with a team of 4-6 members to implement machine learning algorithms, improving data analysis accuracy by 30%
- Supported data collection and preprocessing for 10,000+ data samples, enhancing model training efficiency and reducing errors by 20%

### DevOps Engineer - DevOps Engineer

Visakhapatnam, Andhra Pradesh • 05/2025 - 07/2025

- Collaborated with cross-functional teams of 5-8 members to ensure seamless application development and deployment, reducing project delays by 25%
- Improved system security by implementing 3+ security protocols and best practices, reducing vulnerabilities by 40%
- Worked closely with development teams to streamline software release cycles, decreasing deployment time by 30% and accelerating time-to-market

## ACCOMPLISHMENTS

- Winner in Ideathon (NSRIT) for presenting the Virtual Trail Mirror project
- Winner in Techritiz 2024 Vignan for outstanding performance in software development and Innovation

## PROJECT

- Virtual Trail Mirror, Team Lead, 48 hrs, Designed the concept of a virtual mirror that detects the customer's body outline using sensors and overlays it virtually. Focused on branding customers with a real-time shopping experience through a prototype demonstration using HTML, CSS, JavaScript, and AWS Cloud. Placed at NERIT Ideation and received an award at Vignan.
- Smart Attendance System, Team Lead, 48 hrs, Designed and implemented an AI/ML-based attendance system that uses facial recognition to automatically detect and mark student attendance. Focused on improving accuracy, reducing manual effort, and preventing proxy attendance through real-time identification. Built a working prototype using Python, OpenCV, and Machine Learning algorithms, with integration to a database for attendance tracking and reporting.

## PERSONAL INFORMATION

- Date of Birth: 08/09/05
- Gender: Female
- Nationality: Indian
